Re: *State of Oklahoma v. Tyson et al.*, No. 05-CV-0329-GKF-SAJ

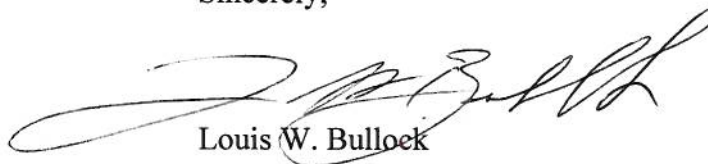

Dear Michael:

Pursuant to the Court's order of January 5, 2007 (Dkt. 1016), and without waiving our objections, we are today FedExing to you STOK-CD105, along with an index of the data being produced.

Included in this production are EML final reports for bacteria analysis on USGS samples collected from the Illinois River Watershed, as well as the final report for and data review of two water samples analyzed by A&L Analytical Laboratories for general inorganics.

Should you have any questions concerning this production, please do not hesitate to call.

Sincerely,

Louis W. Bullock
